CHARTER COMMITTEE FOR BRYAN WAS APPOINTED

Major McInnis is Chairman With Nine Other Citizens As Members—Will Propose Amendments to the Present Charter To Be Voted On By the People in August.

The new Charter Committee of the Bryan City Commission held a meeting at the city hall on Thursday night and after a general discussion decided to meet again on Thursday night, June 29 to consider changes in the present city charter to be submitted to the voters of Bryan, a special election to be held about August 1st for the purpose of adopting or rejecting the proposed amendments. Major L. L. McInnis was elected chairman of the committee composed of five commissioners and five citizens as follows: Mayor Tyler Haswell, Commissioner Wilson Bradley, L. L. McInnis, E. J. Jenkins and H. A. Burger and Messrs. A. M. Waldrop, F. L. Henderson, J. D. Martin, J. Webb Howell and Robert Armstrong. City Manager E. E. McAdams and City Secretary Guy F. Bittle will assist the committee in its deliberations in their official capacity.

BRYAN ADVERTISING COMMITTEE SAVING MONEY FROM FAKIRS

Secretary S. E. Eberstadt acting for the Bryan Chamber of Commerce Advertising committee turned down two scholarship schemes Saturday morning after investigation showing the proposition was a fake. Another man was soliciting funds for some charitable organization and had no credentials was refused an endorsement to operate on the people of Bryan. Another solicitor who wanted a large sum of money to get up a high-way booklet and another who desired to get up menu cards at the expense of the business interests of Bryan when there were no merits in the proposition were turned down. The action of the committee saved the over-taxed business men about \$1,000 and also protected the good name of the town. All these schemes were practically worthless and without warrant and are only a detriment to legitimate advertising and to legitimate business.

SCHOOL TAX AT EDGE CARRIED SATURDAY

Prof. P. S. Mangum was in Bryan today and reported that the election for an additional 50 cent tax on the \$100 valuation for school purposes in school district No. 14, which includes the Edge school on last Saturday carried approximately three to one. This now gives Edge school \$1.00 tax on the \$100 valuation and insures that community a good school. Prof. Mangum is principal of the school and states he intends to have the Edge school with a reputation that will be known over the state as a leader. This is the spirit that should be injected into every school in the county. Make my school the best.

SIBLEY-EDEN WEDDING.

At the home of Mr. and Mrs. C. L. Eden, 3011 Washington Avenue, this afternoon at 2:30 o'clock, their daughter, Ethel Ruth Eden was given in marriage to Mr. Edward Sibley of San Antonio, Rev. H. C. Willis, pastor of the First Methodist church officiating. Mr. and Mrs. Sibley departed on the afternoon train for Galveston where they will spend several weeks. They will make their home in San Antonio. A full account of the wedding will appear in the social column of the Eagle this week.

Candidate cards printed on short order at the Eagle Office.

Williamson County Forbids Advertising Signs on Highway

Georgetown, Texas, June 16.—Williamson county is adopting measures to insure against marring the beauty of the county highways and public roads. The commissioners court now holding session passed a resolution instructing County Auditor Hodges to place notices in newspapers notifying all persons, companies and corporations not to deface with advertisements any bridge, or public buildings belonging to the county and that the consent of the commissioners court shall first be obtained before any signs are posted along the right of way of any public road in the county. In speaking of the important matter a well known citizen said today: "Not only do these signs injure the scenery along the highways which have cost Williamson county tax payers about \$3,500,000 but they are worth but little. Worthless advertising is a great menace to business and I believe the proper advertising to be done is through the newspapers and not try to force people to read advertisements at shows and on fences and posts when they do not wish to do so. There is time and place for all things."

DEATH OF MRS. LOULA COULTER HOPPESS A SAD EVENT IN BRYAN

In the passing of Mrs. Loula Coulter Hoppe at the home of her mother, Mrs. W. J. Coulter in this city on Sunday morning, June 18th at 5 o'clock, not only her home city, Hillsboro, but Bryan her former home and the state at large has lost one of its noblest, most beloved and influential women. With the future bright and promising before her, a loving family and a host of friends, in perfect health, and her life counting for the most in Christian helpfulness, death claimed her and she is with us no more in this world. Finite minds cannot understand nor human thoughts discern the awful tragedy of her death. Groping in the darkness of grief unspeakable, loved ones and friends thus bereaved, can only submit to the wisdom and will of the Heavenly Father. Human words and sympathies are empty in such an hour to bring comfort and peace to the troubled hearts that mourn, but He, the Great Comforter can give "beauty for ashes, the oil of joy for mourning, the garments of praise for the spirit of heaviness."

Following the automobile accident on last Tuesday in which Mrs. Hoppe was seriously injured; she was very critically ill until death brought ease and rest to her bruised and broken body at the hour above stated. Bravely she bore her pain, and as bravely faced approaching death, which she realized was certain. No fear, no tremor of voice or spirit was hers, but with undaunted faith in the God she loved, and resting on His blessed promises, that had been to her a "tower of strength" through life, she talked calmly and cheerfully to her family, and even cheering them, and friends, and well, and "sustained and soothed with an unflinching trust," and with that "Peace that passeth all understanding," she closed her eyes in the sweet and eternal sleep of death.

Mrs. Loula Coulter Hoppe was the daughter of Mr. and Mrs. J. W. Coulter of this city. She was born in Bryan, November 23, 1876 and was reared and educated in this city, graduating also from Kid-Key College at Sherman.

On March 10, 1909 she was married to Walter Franklin Hoppe, agent for the Trinity and Brazos Valley railroad at Hillsboro, Texas. The marriage was solemnized at the Bryan Methodist church, the late Bishop Joseph F. Key, assisted by Rev. Morris, officiating. Two children were born to this happy union, Coulter Hoppe, and little John Coulter Hoppe who was born and died in 1917. The husband and one Coulter, survive the deceased, also her mother, Mrs. J. W. Coulter, one sister Mrs. Dona Carnes of this city, and two brothers, Walter J. Coulter of Bryan and Dr. Hiram T. Coulter of Rockdale.

When the news of her sad death was known at her home in Hillsboro heart felt grief was universal, for Mrs. Hoppe, during her residence there had been untiring in her service in Christian, literary and civic work. Her friendships were not confined to her own circle and station alone, but the poor, unfortunate, the needy and distressed knew also her tender love and ministrations. She was the president of the Woman's Missionary society of the Hillsboro Methodist church; organizer and president of the Girl's Missionary society; organizer and leader of the Parent-teachers' association and a strong and capable leader in all the activities of her church.

The funeral was held from the home of her mother, Mrs. J. W. Coulter on Monday afternoon, June 19th at 5 o'clock with interment in the city cemetery, Rev. H. C. Willis of the Bryan Methodist church, and her former pastor, Dr. J. W. Fort of Oaklawn church, Dallas, conducting the beautiful and impressive service. Exquisite floral offerings from friends in all parts of the state, and the church societies and organizations of Rockdale, Hillsboro and Bryan covered the new made grave, and in fragrance and beauty expressed the love and appreciation of the noble life of this good woman, assuring the sorrowing family that although she has passed on to her reward, her deeds of love live on and "call her blessed." Especially elaborate and beautiful were the floral offerings from the officials and employees of the Trinity and Brazos Valley railroad, business associates of Mr. Hoppe.

(By United Press.) Chicago, Ill., June 21. — "This bloomin' country has got advertising down to such a science that it's stealing away England's commodity markets even back home in the British Isles. Consequently, farseeing British manufacturers want to know how we do it." This was the frank admission made Thursday by Sir Charles Higham—and please don't pronounce it Highham, it's "Hyme"—who is Lord Northcliffe's personal representative to the Associated Advertising Clubs of the World and the most prominent publicity man in Great Britain.

LONDON WANTS AD MEN. Sir Charles bears an invitation to the Associated Advertising Clubs to hold their next convention in London, as the guests of Lord Northcliffe and the London Times. "All it will cost them," he emphasized, "is their railroad fare to New York. The London merchants have pledged \$250,000 for entertainment, as you must have heard, we don't have prohibition at all. Lord Northcliffe has made arrangements to charter an ocean liner and take his guests over to England and back at his own expense. Could anything be fairer?" America leads Britain in advertising by ten years, or some such matter, Sir Charles said, but in his belief American advertisers can pick up some valuable pointers if they accept Viscount Northcliffe's noble invitation. British markets still untouched—that's his bait. "Why do you know," he asked, "the British workmen in one week recently bought \$32,000,000 worth of Government certificates? During the same week they averaged only \$7,000,000 a week. The percentage of extravagance, where our laborers were dining at the Ritz and riding in Rolls-Royces is over."

English Use U. S. Goods. "Do you know that the Englishman is waked up in the morning by an American alarm clock; that he rides in an American made car; that he brushes his teeth with American tooth paste; that he eats American-made breakfast food and uses American condensed milk in his tea, and that he writes on American-made typewriters? This is what advertising is accomplishing over there for American manufacturers, but the field is hardly tapped as yet. Combine American salesmanship with British credit, stability and knowledge of the export business and there would be a union of trade forces that would rule the world." Then Sir Charles, who was knighted for "selling" patriotism to England during the war, got away from business matters and touched for a moment on matters visiting celebrities are supposed to comment on in this country. Sir Charles was slightly different.

Not Here to Criticize. "I like this country," he said. "I'm not a typical Englishman. I think people like Lady Astor, and especially Margot Asquith, have a lot of crust to come over here and tell you people what to do. I'm not here to criticize things. I think you have the prettiest girls in the world." Prohibition, Sir Charles admitted, gives him a laugh, and in that connection he did the Statue of Liberty. "You know, as soon as you get sight of it on the ship," he explained, "they close the bar. Then you can only get water for three hours. Perhaps the reason for the three-hour recess is that the officials think we need it in order to appreciate more your American hospitality. I hadn't been ashore five minutes before I was told where I could get a good bottle of brandy. It was good, too."

NEELEY ANNOUNCES HIS CANDIDACY FOR COUNTY ATTORNEY

In the announcement columns of the Eagle today, will be found the name of W. E. Neeley, who announces for the office of County Attorney, subject to the action of the Democratic Primary in July. Mr. Neeley in presenting his candidacy for this office realizes the responsibility that such office carries with it, and asks the suffrage of the voters, and his qualifications and fitness for the position sought and pledges for the best that is in him in the enforcement of the law, if elected. Mr. Neeley was born and reared in Grimes county Texas, where he attended the county schools, where he attended the Allen Academy, where he graduated in 1906. Later he attended the State University, where he received his Law Degree in 1909. He has taught school, served as county attorney of Grimes county for four years, represented Grimes and Montague counties in the State Legislature, resigned to move to Yoakum, Texas, where later he was appointed county attorney of Yoakum county, where he resigned, moving to Bryan and forming a partnership with W. S. Barron. Mr. Neeley feels that with his training and experience he is qualified to represent the state in all criminal cases and asks that you give him your candidacy due consideration when casting your ballot.

SOME DELICIOUS DRINKS.

The Eagle is indebted to Mr. George Stephan of the Stephan Bottling Works for some of the most delicious bottled drinks ever put up. The bottled drinks manufactured by the Stephan Bottling Works are becoming very popular because George knows how to mix his drinks. He is doing a big business, which he deserves.

HENRY FORD BEING ATTACKED INSIDUOUS PROPOGANDA SCHEME

(By Associated Press.) Washington, D. C. June 21.—Henry Ford's offer to purchase or lease Government Power Nitrate Projects at Muscle Shoals was attacked today in a report to the House prepared by Representative Kearns, a republican of Ohio, signed by several other republican members of the House Military Committee. The report declared dissatisfaction with opinions already presented to the House by other members of the committee signatories denounced what they described as "one of the most insidious propaganda of the nation has witnessed for many a day."

WITHDRAWAL NOTICE.

On account of the lateness of my announcement and other conditions I have decided to withdraw from the race for county commissioner of Precinct No. 2. M. B. EASTERS. (Political Advertisement.)

FRNKAJAH FAVORS DEATH PENALTY FOR KIDNAPPING PERSONS

Austin, Texas, June 21.—The death penalty for kidnapping, similar to the extreme penalty in highway robbery cases, will be favored as an amendment to the law to deal with activities of masked organizations guilty of kidnapping men and spiriting them away for punishment, by Joseph V. Frnkajohj of Columbus, candidate for the legislature, Mr. Frnkajohj, who has been here on a visit declared. He will, he said, also seek to curb masked and secret organizations from alleged lawfulness by pushing a law to require filing of lists of names of all secret organizations, with county clerks. He will try, he announced, to amend present whitecapping laws, if elected, so as to prohibit persons from appearing on the streets in disguise and from holding parades in masks. Mr. Frnkajohj will make his race for the legislature from Colorado and Lavaca counties and expects to win the race.

Mrs. Berta Renfro of Mart, district deputy of the Woman's Benefit Association of the Macabees is in Bryan and will spend the remainder of the month here, giving instructions to the local Review and aiding in the initiation ceremonies of the big class to be initiated on June 30th.

THE BRAZOS RECLAMATION MEETING BE AT CAMERON

A mass meeting of citizens of Milam county will be held at Cameron on Friday night, June 23, for the purpose of organization for the movement of flood prevention under direction of the Brazos River Reclamation Association and the following communication is self explanatory. "Cameron, Texas, June 16th, 1922. Hon. Lee J. Rountree, Bryan, Texas. Dear Mr. Rountree: The regular meeting of our club for Friday night, June 23rd will be devoted to a program for the Brazos River Reclamation Association. The Chambers of Commerce of Rockdale, Thordale and Milano will be invited and we expect a goodly attendance of representative citizens from all parts of the county as we are giving it wide publicity. Our president, Mr. Robert McLane urgently invites you to be with us on that occasion and speak to us of the proposed work of this association. In addition to yourself the following men are being invited to speak to us on that night: A. D. Jackson, secretary, College Station; B. Bunmeyer, U. S. Weather Service, Houston; A. H. Dunlap of the State Board of Water Engineers, Austin; C. E. Ellsworth, U. S. Geological Survey, Washington; Arthur A. Stiles, State Reclamation Engineer, Austin and Hon. Luther A. Johnson, Corsicana.

This meeting is intended to be, first an educational gathering to hear experts on flood control and second, to effect a business organization for the purpose of helping along this great movement. Trusting an early reply to the effect that you will favor us with your presence on that occasion, I am, Yours very truly, W. B. SKELTON, Secretary Chamber of Commerce."

DISTRICT COURT FOR BRAZOS COUNTY ENDS

The May term of the Brazos county district court was brought to a close by Dist. Judge W. C. Davis and the record is being completed by Stenographer McDonald who will leave for his home in Franklin Tuesday. Judge Davis will convene the district court of Robertson county on the first Monday in July. The Jno. F. Martin case from Houston was one of the last to be disposed of here and Martin's bond pending appeal was fixed at \$10,000. Martin was given ten years in the State penitentiary.

BRYAN WITNESSING YEARS' LONGEST DAY

Today June 21 is the longest day in the year in Bryan. This is due to the fact that the sun gets farther north in the summer than it does in the winter, causing longer day light hours and shorter hours during the night. After Thursday the nights will begin to lengthen and the days grow shorter until December 21 when the change will be reversed.

COLONEL OUSLEY WILL SPEAK IN BRYAN JULY 4

Chairman Travis B. Bryan has received a telegram from Fort Worth stating that Hon. Clarence Ousley will make an address at the Fourth of July celebration at the Bryan Country Club the hour to be fixed. Some of the other prominent candidates are expected on this great day.

HEAVY DOWNPOUR RAIN DELAYS CELEBRATION

The colored citizens of Brazos county had quite an interesting June 19th parade with bunting and decorations led by a brass band at noon today. About 2 o'clock a heavy rain began falling which no doubt stopped all the out-door sports and fun for the colored folks. Everybody had on their gay holiday attire and many were drenched by the down pour.

SOME LUSCIOUS PLUMS.

The Eagle is reminded by Mr. J. B. Stevenson that Brazos county has some excellent fruit this year. Mr. Stevenson sent the Eagle on Tuesday some fine plums of the Happiness Gonzales and Nectarine type and they were luscious. The plums were grown on Mr. Stevenson's place in Bryan and are of the finest of these varieties. He has our thanks for his thoughtfulness.

Mrs. C. A. Searcy and children are visiting in Houston.

Men and Woman Hurried Back to Wichita for Trial

(By Associated Press.) Wichita, Kans., June 21.—Without awaiting formality of extradition papers four men and a woman were arrested at Slick Oklahoma today for investigation in connection with the slaying of Turner C. Tucker of Wichita, a night jitney driver, were today placed in an automobile by Kansas authorities to be brought back to this town for trial, according to word received here.

MARTIN WAS TAKEN BACK TO HOUSTON

John F. Martin, who was convicted of bank robbery and given ten years in the penitentiary in the Brazos county district court was taken back to Houston by Sheriff L. E. Morehead and Chief W. S. Martin. Attorney Lamar Bethea states that notice of appeal in the case has been given to the Court of Criminal Appeals at Austin after Judge W. C. Davis had overruled the motion for a new trial. The officers took with them to Houston a young man charged with desertion from the U. S. Army.

MRS. SPELL PASSES AWAY THIS MORNING

Mrs. Ophelia L. Spell after an illness of only a few days at her home in this city passed away Thursday morning at 5 o'clock. Mrs. Spell had been a cripple for many years but was taken seriously ill only last Saturday. A devoted mother, neighbor and friend, she was beloved by all who knew her especially for the past years since the death of her husband and father which made her a widow. Her children have known her sacrificing love during her long and useful life and "rise up to call her blessed." Her friends and neighbors who were the recipients of her ministrations will miss her kindness and care, and Bryan is bereaved in the death of this good woman.

Mrs. Spell was born in Sedalia, Missouri, June 24th, 1863. She is survived by three children, Lang Spell, Lige Spell of Bryan and Mrs. Curtis Gray of College Station. The funeral was held from her late residence this afternoon at 5 o'clock with H. C. Willis conducting the services at the home, and interment being made at the City Cemetery. The pall bearers were F. T. Cole, T. A. Adams, J. Tom Smith, David Reid and W. I. McCulloch.

SENATOR BAILEY CAN NOT SPEAK IN BRYAN

Col. J. B. Dunn telephoned the Eagle Monday afternoon that he had just had a long distance telephone message from Former United States Senator Joseph W. Bailey in Dallas that he had received the Fourth of July celebration invitation to speak at the Bryan Country Club on that day but that the invitation came to late as he had made a previous engagement to speak. Col. Dunn stated that Senator Bailey regretted very much he could not speak in Bryan on July Fourth and appreciated the invitation.

Miss Lida Bell Pipkin is in Belton where she is attending the summer school at Baylor College.

"You know, as soon as you get sight of it on the ship," he explained, "they close the bar. Then you can only get water for three hours. Perhaps the reason for the three-hour recess is that the officials think we need it in order to appreciate more your American hospitality. I hadn't been ashore five minutes before I was told where I could get a good bottle of brandy. It was good, too."

NEELEY ANNOUNCES HIS CANDIDACY FOR COUNTY ATTORNEY

In the announcement columns of the Eagle today, will be found the name of W. E. Neeley, who announces for the office of County Attorney, subject to the action of the Democratic Primary in July. Mr. Neeley, in presenting his candidacy for the office realizes the responsibility that such office carries with it, and asks the suffrage of the voters and his qualifications and fitness for the position sought and pledges the best that is in him in the enforcement of the law, if elected.

Mr. Neeley was born and reared in Grimes county Texas where he attended the county school and where he attended the Allen Academy. He is an attorney at law and has been practicing for two years and then in Bryan, Texas, where he is now practicing. He graduated in 1906, at the law school of the State University, where he received his Law Degree, and he has taught school since 1909. He is a member of the State Bar Association and is qualified to represent the state in all criminal cases and asks that you give his candidacy due consideration when casting your ballot.

SOME DELICIOUS DRINKS.

The Eagle is indebted to Mr. George Stephan of the Stephan Bottling Works for some of the most delicious bottled drinks ever put up. The bottled drinks manufactured by the Stephan Bottling Works are becoming very popular because George knows how to mix his drinks. He is doing a big business, which he deserves.

HENRY FORD BEING ATTACKED INSIDIOUS PROPOGANDA SCHEME

(By Associated Press.) Washington, D. C., June 21.—Henry Ford offers to purchase or lease Government Power Nitrate Projects at Muscle Shoals was attacked today in a report to the House prepared by Representative Kearn, a republican of Ohio, signed by several other republican members of the House Military Committee. The report declared dissatisfaction with opinions already presented to the House by other members of the committee signatories denounced what they described as "one of the most insidious propagandas the nation has witnessed for many a day."

WITHDRAWAL NOTICE.

On account of the lateness of my announcement and other conditions I have decided to withdraw from the race for county commissioner of Precinct No. 2. M. B. EASTERS. (Political Advertisement.)

FRNKAJAHJ FAVORS DEATH PENALTY FOR KIDNAPPING PERSONS

Austin, Texas, June 21.—The death penalty for kidnapping, similar to the extreme penalty in highway robbery cases, will be favored as an amendment to the law to deal with activities of masked organizations guilty of kidnapping and spiriting them away for punishment, by Joseph V. Frnkajahj of Columbus, candidate for the legislature, Mr. Frnkajahj, who has been here on a visit declared. He will, he said, also seek to curb masked and secret organizations from alleged lawfulness by pushing a law to require filing of lists of names of all secret organizations, with county clerks. He will try, he announced, to amend present whitecapping laws, if elected, so as to prohibit persons from appearing on the streets in disguise and from holding parades in masks. Mr. Frnkajahj will make his race for the legislature from Colorado and Lavaca counties and expects to win the race.

Mrs. Berta Renfro of Mart, district deputy of the Woman's Benevolent Association of the Macabees is in Bryan and will spend the remainder of the month here, giving instructions to the local Review and aiding in the initiation ceremonies of the big class to be initiated on June 30th.

THE BRAZOS RECLAMATION MEETING BE AT CAMERON

A mass meeting of citizens of Milam county will be held at Cameron on Friday night, June 23, for the purpose of organization for the movement of flood prevention under direction of the Brazos River Reclamation Association and the following communication is self explanatory, 'Cameron, Texas, June 16th, 1922. Hon. Lee J. Rountree, Bryan, Texas. Dear Mr. Rountree: The regular meeting of our club for Friday night, June 23rd will be devoted to a program for the Brazos River Reclamation Association. The Chambers of Commerce of Rockdale, Thorndale and Milam will be invited and we expect a goodly attendance of representative citizens from all parts of the county as we are giving it wide publicity. Our president, Mr. Robert McLane urgently invites you to be with us on that occasion and speak to us of the proposed work of this association. In addition to yourself the following men are being invited to speak to us on that night: A. D. Jackson, secretary, College Station; B. Bunnemeyer, U. S. Weather Service, Houston; A. H. Dunlap of the State Board of Water Engineers, Austin; C. E. Ellsworth, U. S. Geological Survey, Washington; Arthur A. Stiles, State Reclamation Engineer, Austin and Hon. Luther A. Johnson, Corsicana.

This meeting is intended to be, first an educational gathering to hear experts on flood control and second, to effect a business organization for the purpose of helping along this great movement. Trusting an early reply to the effect that you will favor us with your presence on that occasion, I am, Yours very truly, W. B. SKELTON, Secretary Chamber of Commerce."

DISTRICT COURT FOR BRAZOS COUNTY ENDS

The May term of the Brazos county district court was brought to a close by Dist. Judge W. C. Davis and the record is being completed by Stenographer McDonald who will leave for his home in Franklin Tuesday. Judge Davis will convene the district court of Robertson county on the first Monday in July. The Jno. F. Martin case from Houston was one of the last to be disposed of here and Martin's bond pending appeal was fixed at \$10,000. Martin was given ten years in the State penitentiary.

MARTIN WAS TAKEN BACK TO HOUSTON

John F. Martin, who was convicted of bank robbery and given ten years in the penitentiary in the Brazos county district court was taken back to Houston by Sheriff L. E. Morehead and Chief W. S. Martin. Attorney Lamar Bethea states that notice of appeal in the case has been given to the Court of Criminal Appeals at Austin after Judge W. C. Davis had overruled the motion for a new trial. The officers took with them to Houston a young man charged with desertion from the U. S. Army.

BRYAN WITNESSING YEARS' LONGEST DAY

Today June 21 is the longest day in the year in Bryan. This is due to the fact that the sun gets farther north in the summer than it does in the winter, causing longer day light hours and shorter hours during the night. After Thursday the nights will begin to lengthen and the days grow shorter until December 21 when the change will be reversed.

COLONEL OUSLEY WILL SPEAK IN BRYAN JULY 4

Chairman Travis B. Bryan has received a telegram from Fort Worth stating that Hon. Clarence Ousley will make an address at the Fourth of July celebration at the Bryan Country Club the hour to be fixed. Some of the other prominent candidates are expected on this great day.

HEAVY DOWNPOUR RAIN DELAYS CELEBRATION

The colored citizens of Brazos county had quite an interesting Juneenth parade with bunting and decorations led by a brass band at noon today. About 2 o'clock a heavy rain began falling which no doubt stopped all the outdoor sports and fun on their gay holiday attire and many were drenched by the down pour.

SOME LUSCIOUS PLUMS.

The Eagle is reminded by Mr. J. B. Stevenson that Brazos county has some excellent fruit this year. Mr. Stevenson sent the Eagle on Tuesday some fine plums of the Happiness Gonzales and Nectarine type and they were luscious. The plums were grown on Mr. Stevenson's place in Bryan and are of the finest of these varieties. He has our thanks for his thoughtfulness.

Mrs. C. A. Searcy and children are visiting in Houston.

SENATOR BAILEY CAN NOT SPEAK IN BRYAN

Col. J. B. Dunn telephoned the Eagle Monday afternoon that he had just had a long distance telephone message from Former United States Senator Joseph W. Bailey in Dallas that he had received the Fourth of July celebration invitation to speak at the Bryan Country Club on that day but that the invitation came to late as he had made a previous engagement to speak. Col. Dunn stated that Senator Bailey regretted very much he could not speak in Bryan on July Fourth and appreciated the invitation.

Miss Lida Bell Pipkin is in Belton where she is attending the summer school at Baylor College.

Men and Woman Hurried Back to Wichita for Trial

(By Associated Press.) Wichita, Kans., June 21.—Without awaiting formality of extradition papers four men and a woman were arrested at Slick Oklahoma today for investigation in connection with the slaying of Turner C. Tucker of Wichita, a night-jitney driver, were today placed in an automobile by Kansas authorities to be brought back to this town for trial, according to word received here.

MEMBER OF ASSOCIATED PRESS

Governor Pat M. Neff writing from the executive office at Austin to the editor of the Eagle says "I read with interest your editorials on state affairs. I want to express my appreciation and endorsement of your editorials which present clear-cut statements on the issues and your services are valuable at this time. I am glad you will be in Austin as a member of the next legislature."

"Rumbling of a Loafer" is the heading in the Denton Record-Chronicle of Monday. Col. Frank Browder secretary of the Chamber of Commerce is about the only loafer we know that rumbles. The others just slide and slip around.

The continuous and high cost of divorce suits for movie actors is adding materially to the high cost of living. Censor Will H. Hays is not doing his duty and is not earning his salary—which is double that of President Harding. Censor Hays ought to earn his salary or resign.

Editor Lee C. Kirgan of the Fairfield Recorder has announced as a candidate for state treasurer. There is no better safer man or splendid democrat in Texas than Lee Kirgan and his record is worthy of commendation and support.

Recently Monty, the editor of Monty's Monthly, at McAllen, attending the bathing girls revue at Galveston and became very liberal, giving a blind man a \$5.00 bill. Monty was shocked a few minutes afterward when he found that the blind man bought bootleg whiskey with the \$5.00. The gay revue had passed and Monty realized what he had done.

Chairman Claud McCallum of the Dallas county democratic executive committee has reannounced the pledge of the democratic party to go on the official ballot. Chairman McCallum had better be careful how he violates the democratic law in this instance or Dallas county may pay the penalty for his disloyalty to the great party.

The Eagle believes many immaterial celebrations and holidays might be eliminated and everybody join in the Fourth of July patriotic celebration. A man not long ago called at the Eagle office and knew he had a holiday but didn't know what it was for or represented. No man ought to celebrate a holiday unless he knows what he is doing. There are too many holidays that are a farce, and have a tendency to kill the patriotism of the country.

"Over 40,000,000 People Are Hungry in Russia" is a headline. Who wonders at this when a whole nation quits work and expects to live on the issuance of worthless paper money? When millions quit producing anything or do any work wheel barrows loaded with worthless paper money will not buy food and clothing. Russia is a stench in the nostrils of all law-abiding people and so far is not entitled to any recognition on a basis of equity and comity.

The brutal fight of two women in Dallas surrounded by a mob is a subject for editorial comment. This was certainly as brutal as any tar and feather party and the bottle handed one of the women fighters by a member of the Dallas mob got more blood than any tar bucket. Lets have some sizzling editorials of denunciations of the late Dallas "mob."

The Galveston News of June 15 1872, fifty years ago says "The H. & T. C. railway trouble involving a strike seems to be in a fair way of settlement." While just fifty years ago the H. & T. C. railway was emerging from a strike from present indications July 1st will see the greatest strike ever known which will tie up transportation as the coal industry is tied up. "On with the battle."

The Austin American says: "Many Speeches Tire Lady Astor."—Headline. Need it be said that Lady Astor didn't make the speeches? When Lady Astor arrived in the United States she began speech making. It was new. Soon the newspapers quoted all she said and she began to repeat. It became work and heavy work. She broke down and wept declaring the next time she came to America she would taboo speech-making. Lady Astor was a physical wreck from over-speaking.

The lawyers of Waco in Bar Association assembled have called on the officers of Waco to enforce the criminal laws. Many of the officers have not been doing their duty for the enforcement of the laws of Texas, especially in the cities and oil fields. Too many lawyers have been obstructionists in the way of law enforcement. The Eagle congratulates the lawyers of Waco and trusts their resolution is an honest one and not simply "sounding brass and tinkling cymbal." Too many resolutions are fakes pure and simple—hence the break down of the law.

Neff.

"I think it is a shame that the f- for our association is only \$1.50. When I think of what it costs me \$60, attend a football game, and whatto pay for memberships in various fr- ternal organizations and the Rotary- Club, it seems almost criminal that we should continue to try to operate effectively on the basis of \$1.50 per member. No wonder we are not con- sidered stronger as an organization when we do not have higher resard for ourselves than that. We are al- ways willing to pay for what we think is worth while, and if we feel that we are a \$1.50 organization, ev- erybody else will think we are too."— Supt. L. H. Hubbard, Belton.

"The State of Texas cannot spend too much on education, if it has the money."—Governor Pat M. Neff.

"Let us revive the ancient vir- tues of industry, self-reliance, and individual excellence, which alone make the nation great and which alone can save it from decay."—Clarence Oasley, Fort Worth.

JUDGE LANE IS STILL ON THE FIRING LINE

(Judge J. Felton Lane in Hearne Democrat).

Judge J. Felton Lane, of the Hearne Democrat; Louis F. Adams of the Galveston Tribune; John Rutherford of the Franklin Texan; W. W. Rankin, of the Caldwell Ledger; George J. Neu, of the Brenham Banner-Press and other editors along the Brazos; T. W. Terry, of the Thorndale Cham- pion; John E. Cooke, of Rockdale Reporter; W. M. Cobb, of the Cameron Enterprise and J. B. White of the Cameron Herald and other editors along the Brazos tributaries failed to attend the Reclamation meeting at Bryan last Tuesday. Gentlemen, you missed a great treat. What was the matter? That's the question.—Lee J. Rountree in Bryan Eagle.

We were very anxious to attend the meeting, and like the old fellow said about the man who "fooled his gal," "we was a making of every preparation." Neither a lawyer nor an editor can quite order his time to suit his desires and when one happens to be both as we are which, it is even more so. Anyway, don't give us out Lee, as the renewed fight is just starting and we will be with you on the firing line, as we have been in the past efforts along this line.

This editor helped organize the Brazos River Improvement Association, along with Col. Bill Seelye, a noble soul since gone to his reward Hon. Leonard Tillotson, Senator Bob Astin, Mr. Fred L. Wood, Dr. H. W. Cummings and others. We worked up sufficient interest and raised sufficient funds to secure a special trainload of congressmen to tour our Brazos and Colorado rivers in a trip of inspection to see the damages these floods had wrought and to see what could be done to reclaim these fertile valleys from this constant menace.

These congressmen including Chair- man Humphreys, were brought to your city of Bryan and to Hearne, carried out into the Brazos bottoms in automobiles, and on their return made reports recommending large appropriations for this work; but the world war broke out about that time and all of the hard work we had done appeared to be lost, except that we secured some very comprehensive legislation in Texas just afterward permitting a much more extensive program of flood control, conservation of waters in the upper branches of streams, larger districts for levy- ing etc., than we had before.

We cannot speak for the other ed- itors named, but hope each will join in this movement, as the power of the press in putting any good thing over, and unfortunately in sometimes putting bad things over, is recognized by all.

Editor George Robinson of the Waco Times-Herald, Editor Rountree of the Bryan Eagle, and this humble scribe, have seemed to write about two thirds of the editorials on this topic which have been written on this last several years. Whether any of all of us have accomplished anything in arousing public sentiment remains to be seen; but the rousing meet- ing held in Bryan recently, and about which the clipped article was written, would indicate this haven may yet leaveen the whole lump.—Hearne Democrat.

CARL WIPPRECHT'S CREAMERY. Carl Wipprecht has opened his creamery for business and is prepared to purchase all the butterfat produced in the Bryan territory and pay the highest prices the market justifies. Mr. Wipprecht's creamery is now manufacturing about 50 pounds of fine butter which goes on the Bryan market.

TRIBUTE TO BRYAN CITIZEN

Editor Lee J. Rountree of the Bry- an Eagle, altho assured of strong support in every section of Texas fi- nally declined to make the race for lieutenant governor, not feeling able to make the necessary financial sac- rifice. Lee Rountree can better serve his people in the Legislature, yet he would have fitted well in the chair of the lieutenant governorship.—Lee Kir- gan in Fairfield Recorder.

Hon. Lee Rountree editor of the Bry- an Eagle has again consented to ac- cept the nomination for the legisla- ture from the Brazos county district which means his election. His thou- sands of friends over the state are served to know we will not lose his bur- ices.—Frank Gaston in (Grand- Ed.) Hood County News.

Editor John E. Cooke of the Rock- Rountree Reporter, says: "Hon. Lee J. for re-ree of Bryan, has announced ture. The Reporter is pleased to learn that we consider Mr. Roun- sition. He invaluable man in that po- to make the race for lieutenant gover- cision as it e- feel sure that his de- fact that he believed he could be of greater service as a member tree's watchword "Service" is Lee Roun- mpe like him in this and if we had more State's problems would soon be prop- erty solved upon a basis of equity to every interest."

THE SPEED DEMON

It's about time for the Speed De- mon to slow down and take stock. Drivers of automobiles going at a high rate of speed having been No- where and going Nowhere without regard to traffic laws and rights of others are a menace to the peaceable public and liable at any time to com- mit murder. Let any cold headed person go out on the College-Bryan highway any evening and the won- der is there are not more accidents and more deaths than there are. The Speed Demon should stop cutting cor- ners and racing by at breakneck speed especially when they have been No- where and are going Nowhere. The Speed Demon should slow down in Bryan and Brazos county before he gets innocent blood on his hands and commits murder. Think it over.

CREPE MYRTLE BLOSSOMS

Bryan is a riot of crepe myrtle blossoms just now. This is quite un- usual for this time of the year but the excess of rain has kept the lawns and flowers quite like spring time rather than summer time. A tree that is attracting much attention is at the home of Dr. and Mrs. F. D. Fuller on College Boulevard. So many and large are the clusters that it ap- pears to be one big pink ball tipping among the green leaves and stems. Sea shell pink in color harmonizing with the green makes a picture that is most restful and beautiful and homage is paid it by every passer-by.

Henry Ford is a political issue in Alabama and nobody can run for office there unless he declares him- self for or against Henry Ford. This statement is made by Senator Norris chairman of the Agricultural Com- mittee who says it is impossible to run for office in Alabama unless you are for Henry Ford." It is said the same thing obtains in Galveston. No- body can run for office there unless they are opposed to a certain local organization. The qualifications of a man are not considered at all.

During the past five years the rail- roads have been operated on the most inefficient basis throughout the United States than ever known. It is stated on good authority that the roads were 33 1-3 per cent ineffic- ient from 1917 to 1922 but all roads great and small are beginning to rea- lize thatthey must give service to be able to meet the demands. Too many men connected with the railroads have been drawing their breath and their salary believing the government would guarantee their salary. The Eagle has been criticised for this statement, but only the ignorant or those who have some other purpose in view have disagreed with the statement. The Eagle can prove (and will prove) the statement any- where and at any time. The rail- roads are to be congratulated on get- ting busy again and every man, rich or poor, from top to bottom should do his whole duty.

Sunshine Joe Webb of the Waco News-Tribune says: "Last summer the engineer of this column took a vacation of two weeks. This summer after mature deliberation, we've come to the conclusion it would be a lot cheaper for us to pay the boss our usual salary with the privilege of keeping on working instead of having him to pay us the usual salary while we don't work." In other words, Joe, a man can easily have so much time on his hands that he becomes waste- ful, extravagant and dissatisfied and thus become worthless to himself, business home and his family. When even men spend more time and mon- ey than they can afford they are their worst enemy. A man's per diem should by all means equal his per- nectum if he proves to be anything but a failure in life.

Bryan Lodge No. 859, Benevolent and Protective Order of Elks observ- ed Flag Day exercises at the Elks Home on Wednesday evening. The occasion is the 145th anniversary of the adoption of the American Flag as made by Betsy Ross, of Philadelphia, and recognized by the Continental Congress, symbolizing the Stars and Stripes of the red, white and blue. Patriotic songs were sung, "Ameri- ca," "Old Black Joe," "My Old Ken- tucky Home," "Dixie Land," and "Star Spangled Banner," led by Rev. S. Moylan Bird with Mrs. R. A. Har- rison as piano accompanist. The fol- lowing officers led the regular exer- cises: R. C. Stone, Cecil Estill, C. S. Beckwith, Carl Wipprecht and Har- ry Estill. The program: "History of the Flag," by Rev. S. Moylan Bird; "Elks Tribute to the Flag," R. L. Hearn; "Patriotic Address," Lee J. Rountree, "Auld Lang Syne," and the benediction.

SUNDAY WAS HOT DAY. Sunday was a sizzling hot day. Whirlwinds puffed up Main street in- dicating drought. But no one can tell and it may be raining in a few hours. All signs fail in Texas.

Later—And it rained.

Mrs. E. O. Siecke of College is re- ported as some better this morning, after a relapse on Saturday and in a few days it is thought she will be able to see her friends.

Fordson Often Does More In a Day Than Six Horses

The Fordson substitutes motors for muscles.

The Fordson substitutes tractor wheels for the legs of man and horse.

The Fordson takes the burden off flesh and blood and puts it on steel.

It allows the farmer's energy to be devoted to management, and not merely to operation. It gives him time. It cuts his producing costs.

There's a big story of savings made possible by the Fordson. Let us tell you. Write, phone or call.

A. W. Kinnard Announces for Superintendent of Brazos Co.

To the Voters of Brazos County:—Certain considerations have induced me at this late day to announce for the office of County School Superintendent. Upon the superintendent devolves the fair and impartial administration of school laws and the intelligent and efficient supervision of the schools. He should be an educational leader, capable of inspiring and directing educational progress. My educational activities range over a period of forty years in Texas; four years in the country schools, twenty-five in city graded schools as teacher, principal and superin- tendent, and one year as college professor. For a number of years I have been engaged in agriculture, dairying, poultry, etc., in connection with professional duties. If the voters of this im- portant position I shall assume its duties with a full sense of its responsibilities and pledge my unswerving devotion to the inter- ests of the schools and to those alone. Very respectfully submit- ted. A. W. KINNARD. (POLITICAL ADVERTISEMENT).

So extra delicious With fresh fruits

No other food has such an appeal on a hot day as Kellogg's Corn Flakes! They win fickle appetites, they satisfy hungry folks! As an extra-summer taste thrill, eat Kellogg's with the luscious fresh fruit now in season. Such a diet is not only ideal from a health standpoint, but it is refreshing!

You can eat Kellogg's Corn Flakes liberally at any meal because they digest easily. Let the children have all they want. Insist upon Kellogg's Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, origi- nator of Corn Flakes. None are genuine without it!

MEMBER OF ASSOCIATED PRESS

Governor Pat M. Neff writing from the executive office at Austin to the editor of the Eagle says: "I read with interest your editorials on state affairs. I want to express my appreciation and endorsement of your editorials which present clear-cut statements on the issues and your services are valuable at this time. I am glad you will be in Austin as a member of the next legislature."

"Rumblings of a Loafer" is the heading in the Denton Record-Chronicle of Monday. Col. Frank Browder secretary of the Chamber of Commerce is about the only loafer we know that rumbles. The others just slide and slip around.

The continuous and high cost of divorce suits for movie actors is adding materially to the high cost of living. Censor Will H. Hays is not doing his duty and is not earning his salary—which is double that of President Harding. Censor Hays ought to earn his salary or resign.

Editor Lee C. Kirgan of the Fairfield Recorder has announced as a candidate for state treasurer. There is no better safer man or splendid democrat in Texas than Lee Kirgan and his record is worthy of commendation and support.

Recently Monty, the editor of Monty's Monthly, at McAllen, attending the bathing girls revue at Galveston and became very liberal, giving a blind man a \$5.00 bill. Monty was shocked a few minutes afterward when he found that the blind man bought bootleg whiskey with the \$5.00. The gay revue had passed and Monty realized what he had done.

Chairman Claud McCallum of the Dallas county democratic executive committee has repudiated the pledge of the democratic party to go on the official ballot. Chairman McCallum had better be careful how he violates the democratic law in this instance or Dallas county may pay the penalty for his disloyalty to the great party.

The Eagle believes many immaterial celebrations and holidays might be eliminated and everybody join in the Fourth of July patriotic celebration. A man not long ago called at the Eagle office and knew he had a holiday but didn't know what it was for or represented. No man ought to celebrate a holiday unless he knows what he is doing. There are too many holidays that are a farce, and have a tendency to kill the patriotism of the country.

"Over 40,000,000 People Are Hungry In Russia" is a headline. Who wonders at this when a whole nation quits work and expects to live on the issuance of worthless paper money? When millions quit producing anything or do any work wheel barrows loaded with worthless paper money will not buy food and clothing. Russia is a stench in the nostrils of all law-abiding people and so far is not entitled to any recognition on a basis of equity and comity.

The brutal fight of two women in Dallas surrounded by a mob is a subject for editorial comment. This was certainly as brutal as any tar and feather party and the bottle handed one of the women fighters by a member of the Dallas mob got more blood than any tar bucket. Let's have some sizzling editorials of denunciations of the late Dallas "mob."

The Galveston News of June 15, 1872, fifty years ago says "The H. & T. C. railway trouble involving a strike seems to be in a fair way of settlement." While just fifty years ago the H. & T. C. railway was emerging from a strike from present indications July 1st will see the greatest strike ever known which will tie up transportation as the coal industry is tied up. "On with the battle."

The Austin American says: "Many Speeches Tire Lady Astor."—Headline. Need it be said that Lady Astor didn't make the speeches? When Lady Astor arrived in the United States she began speech making. It was new. Soon the newspapers quoted all she said and she began to repeat. It became work and heavy work. She broke down and wept, declaring the next time she came to America she would taboo speech-making. Lady Astor was a physical wreck from over-speaking.

The lawyers of Waco in Bar Association assembled have called on the officers of Waco to enforce the criminal laws. Many of the officers have not been doing their duty for the enforcement of the laws of Texas, especially in the cities and oil fields. Too many lawyers have been obstructionists in the way of law enforcement. The Eagle congratulates the lawyers of Waco and trusts their resolution is an honest one and not simply "sounding brass and tinkling cymbal." Too many resolutions are fakes pure and simple—hence the break down of the law.

FOR THOSE WHO THINK

(From Texas Outlook), "This is our country—your mine. We fought for it now it is yours for it."—Rotary Club Met at work for it. "No doubt the time is fasters, proaching when unless teachers apenough interest in their work have members of their county and to be associations and to attend a reState able number of the meetings, ason-school boards will not reco, the them as teachers."—Secretary gize garet Moore, Frio County. Mar-

"I think it is a shame that the for our association is only \$1.50. When I think of what it costs me to attend a football game, and what to pay for memberships in various fterl ternal organizations and the Rotary Club, it seems almost criminal that we should continue to try to operate effectively on the basis of \$1.50 per member. No wonder we are not considered stronger as an organization when we do not have higher regard for ourselves than that. We are always willing to pay for what we think is worth while and if we feel that we are a \$1.50 organization everybody else will think we are too."

Supt. L. H. Hubbard, Belton. "The educational institutions of Texas should not be turned over to those who would destroy them, but they permanently belong to them who would strengthen and perpetuate them."—Bryan Daily Eagle, April 25, 1922.

"The State of Texas cannot spend too much on education, if it has the money."—Governor Pat M. Neff.

"Let us revive the ancient virtues of industry, self-reliance, and individual excellence, which alone make the nation great and which alone can save it from decay."—Clarence Ousley, Fort Worth.

JUDGE LANE IS STILL ON THE FIRING LINE

(Judge J. Felton Lane in Hearne Democrat).

Judge J. Felton Lane, of the Hearne Democrat; Louis F. Adams of the Calvert Tribune; John Rutherford of the Franklin Texan; W. W. Rankin, of the Caldwell Ledger; George J. Neu, of the Brenham Banner-Press and other editors along the Brazos; T. W. Terry, of the Thorndale Champion; John E. Cooke, of Rockdale Reporter; W. M. Cobb, of the Cameron Enterprise and J. B. White of the Cameron Herald and other editors along the Brazos tributaries failed to attend the Reclamation meeting at Bryan last Tuesday. Gentlemen, you missed a great treat. What was the matter? That's the question.—Lee J. Rountree in Bryan Eagle.

We were very anxious to attend the meeting, and like the old fellow said about the man who "fooled his gal." "We was a making of every preparation." Neither a lawyer nor an editor can quite order his time to suit his desires and when one happens to be both as we are which it is even more so. Anyway, don't give us out Lee, as the renewed fight is just starting and we will be with you on the firing line, as we have been in the past efforts along this line.

This editor helped organize the Brazos River Improvement Association, along with Col. Bill Seeley, a noble soul since gone to his reward Hon. Leonard Tillotson, Senator Bob Astin, Mr. Fred L. Wood, Dr. H. W. Cummings and others. We worked so sufficient interest and raised sufficient funds to secure a special trainload of congressmen to tour our Brazos and Colorado rivers in a trip of inspection to see the damages these floods had wrought, and to see what could be done to reclaim these fertile valleys from this constant menace.

These congressmen including Chairman Humphreys, were brought to your city of Bryan and to Hearne, carried out into the Brazos bottoms in automobiles, and on their return made reports recommending large appropriations for this work; but the world war broke out about that time and all of the hard work we had done appeared to be lost, except that we secured some very comprehensive legislation in Texas just afterward permitting a much more extensive program of flood control conservation of waters in the upper branches of streams, larger districts for levying etc., than we had before.

We cannot speak for the other editors named, but hope each will join in this movement, as the power of the press in putting any good thing over, and unfortunately in sometimes putting bad things over, is recognized by all.

Editor George Robinson of the Waco Times-Herald, Editor Rountree of the Bryan Eagle, and this humble scribe, have seemed to write about two thirds of the editorials on this topic which have been written on this last several years. Whether any of us have accomplished anything in arousing public sentiment remains to be seen; but the rousing meeting held in Bryan recently, and about which the clipped article was written, would indicate this leaven may yet leaven the whole lump.—Hearne Democrat.

CARL WIPPRECHT'S CREAMERY. Carl Wipprecht has opened his creamery for business and is prepared to purchase all the butterfat produced in the Bryan territory and pay the highest prices the market justifies. Mr. Wipprecht's creamery is now manufacturing about 50 pounds of fine butter which goes on the Bryan market.

TRIBUTE TO BRYAN CITIZEN

Editor Lee J. Rountree of the Bryan Eagle, altho assured of strong support in every section of Texas finally declined to make the race for lieutenant governor, not feeling able to make the necessary financial sacrifice. Lee Rountree can better serve his people in the Legislature, yet he would have fitted well in the chair of the lieutenant governorship.—Lee Kirgan in Fairfield Recorder.

Hon. Lee Rountree editor of the Bryan Eagle has again consented to accept the nomination for the legislature from the Brazos county district which means his election. His thoughts of friends over the state are served to know we will not lose his services.—Frank Gaston in (Grand-Ed) Hood County News.

Editor John E. Cooke of the Rockdale Reporter, says: "Hon. Lee J. for re-election to the State Legislature. The Reporter is pleased to learn this as we consider Mr. Rountree an invaluable man in that position. He has been urged by many nor, and we feel sure that his decision as it now stands, was due to be of greater service as a member of the House. Lee Rountree's watchword 'service' is Lee Rountree like him in that if we had more State's problems would Legislature the served upon a basis of equity to every interest."

THE SPEED DEMON

It's about time for the Speed Demon to slow down and take stock. Drivers of automobiles going at a high rate of speed having been nowhere and going nowhere without regard to traffic laws and rights of others are a menace to the peaceable public and liable at any time to commit murder. Let any cool headed person go out on the College-Bryan highway any evening and the wonder is there are not more accidents and more deaths than there are. The Speed Demon should stop cutting corners and racing by at breakneck speed especially when they have been nowhere and are going nowhere. The Speed Demon should slow down in Bryan and Brazos county before he gets innocent blood on his hands and commits murder. Think it over.

CREPE MYRTLE BLOSSOMS

Bryan is a riot of crepe myrtle blossoms just now. This is quite unusual for this time of the year but the excess of rain has kept the lawns and flowers quite like spring time rather than summer time. A tree that is attracting much attention is at the home of Dr. and Mrs. F. D. Fuller on College Boulevard. So many and large are the clusters that it appears to be one big pink ball tipping among the green leaves and stems. Sea shell pink in color harmonizing with the green makes a picture that is most restful and beautiful and homage is paid it by every passer-by.

Henry Ford is a political issue in Alabama and nobody can run for office there unless he declares himself for or against Henry Ford. This statement is made by Senator Norris chairman of the Agricultural Committee who says it is impossible to run for office in Alabama unless you are for Henry Ford. It is said the same thing obtains in Galveston. Nobody can run for office there unless they are opposed to a certain local organization. The qualifications of a man are not considered at all.

During the past five years the railroads have been operated on the most inefficient basis throughout the United States than ever known. It is stated on good authority that the railroads were 33 1-3 per cent inefficient from 1917 to 1922 but all roads great and small are beginning to realize that they must give service to be able to meet the demands. Too many men connected with the railroads have been drawing their breath and their salary believing the government would guarantee their salary. The Eagle has been criticised for this statement, but only the ignorant or those who have some other purpose in view have disagreed with the statement. The Eagle can prove (and will prove) the statement anywhere and at any time. The railroads are to be congratulated on getting busy again and every man, rich or poor, from top to bottom should do his whole duty.

Sunshine Joe Webb of the Waco News-Tribune says: "Last summer the engineer of this column took a vacation of two weeks. This summer after mature deliberation, we've come to the conclusion it would be a lot cheaper for us to pay the boss our usual salary with the privilege of keeping on working instead of having him to pay us the usual salary while we don't work." In other words, Joe, a man can easily have so much time on his hands that he becomes wasteful, extravagant and dissatisfied and thus become worthless to himself, business home and his family. When ever men spend more time and money than they can afford they are their worst enemy. A man's per diem should by all means equal his per nectum if he proves to be anything but a failure in life.

FLAG DAY EXERCISES BY BRYAN ELKS LODGE

Bryan Lodge No. 859, Benevolent and Protective Order of Elks observed Flag Day exercises at the Elks Home on Wednesday evening. The occasion is the 145th anniversary of the adoption of the American Flag as made by Betsy Ross, of Philadelphia, and recognized by the Continental Congress, symbolizing the Stars and Stripes of the red, white and blue. Patriotic songs were sung, "America," "Old Black Joe," "My Old Kentucky Home," "Dixie Land," and "Star Spangled Banner," led by Rev. S. Moylan Bird with Mrs. R. A. Harrison as piano accompanist. The following officers led the regular exercises: R. C. Stofe, Cecil Estill, C. S. Beckwith, Carl Wipprecht and Harry Estill. The program: "History of the Flag," by Rev. S. Moylan Bird; "Elks Tribute to the Flag," R. L. Hearn; "Patriotic Address," Lee J. Rountree, "Auld Lang Syne," and the benediction.

SUNDAY WAS HOT DAY.

Sunday was a sizzling hot day. Whirlwinds passed up Main street indicating drought. But no one can tell and it may be raining in a few hours. All signs fail in Texas. Later—And it rained.

Mrs. E. O. Sieck of College is reported as some better this morning, after a relapse on Saturday and in a few days it is thought she will be able to see her friends.

CHAMBERS-WILSON MOTOR CO

A. W. Kinnard Announces for Superintendent of Brazos Co.

To the Voters of Brazos County:—Certain considerations have induced me, at this late day to announce for the office of County School Superintendent. Upon the superintendent devolves the fair and impartial administration of school laws and the intelligent and efficient supervision of the schools. He should be an educational leader, capable of inspiring and directing educational progress. My educational activities range over a period of forty years in Texas; four as a teacher, principal and superintendent in city graded schools as teacher, principal and superintendent, and one year as college professor, principal, poultry, etc., in connection with professional duties. If the voters of this important position I shall assume its duties with a full sense of its responsibilities and pledge my unswerving devotion to the interests of the schools and to those alone. Very respectfully submitted, A. W. KINNARD.

REV. BROWN ARRIVES
Rev. J. P. Brown of Decatur has arrived in Bryan and will succeed Rev. J. L. Payne in the pastoral work of the several Free Baptist churches in Brazos county. Rev. Brown will either reside at Wellborn or Bryan as soon as a home can be arranged for him by Rev. C. B. Thompson and Rev. J. Tatum.

Miss Eugenia Cochran has returned from Jacksonville, where she attended the Epworth League Assembly of the Texas Conference as a delegate from the Bryan Epworth League. She reports a wonderful and successful meeting.

Mr. and Mrs. W. P. Connelly of Austin have returned to their home after attending the funeral of their friend, Mrs. W. H. Hoppess.

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPT.

Club Notes and Farm News by County Agent C. L. Beason.

Mr. and Mrs. E. U. Peters threw their hospitable home open to club members and other young people of the Harvey community last Saturday night. Games, music, and contests delighted the young people for more than an hour. The music was furnished by Messrs. Kelley, Bobo, and Kelley, Mr. K. Kelley being the director of instrumental music for the Harvey Club.

Miss Laura Belle Roten, Home demonstration Agent, expressed herself as highly pleased with the group of Harvey young people she met at the club meeting. Miss Roten you will find the boys and girls throughout the county as fine as can be found any where.

Those attending from Bryan were Miss Roten and C. L. Beason and family.

In the candy matching contest Ed Schultz, among the boys, won by matching 27 sticks of candy, while Alta Williams, representing the girls, won on having matched 24 sticks.

County Agent Beason called attention to the excellent opportunities for boys and girls at the Short course, July 24-29, at College Station, and urged the Harvey Club to send a team for each contest, enumerating the many prizes offered.

It is reported that bankers in this part of the country are boosting diversified farming. "We believe in it," says one. "Why should we believe in it?" "Brazos county is not going to get out of Brazos county products that can be grown in Brazos."

Mr. Julius Mantel, exhibiting in Wixom neighborhood some stalks of Bryan last Saturday, a yellow corn, fine early maturing corn, varieties of the Silver Jewel, Both have been well matured, the shuck having already turned brown. Mr. Mantel said that he read in the Eagle about Mr. Morehead having some fine corn and he wanted the readers of the Eagle to know about this early maturing corn that he has been growing for several years. This is splendid cooperation on the part of Mr. Mantel to enable the farmers of the county to determine the most dependable varieties of corn for this county. The county agent will help Mr. Mantel field select his seed corn for next year and in this way improve his corn from year to year. A corn that will make a good yield and at the same time mature by the first or middle of June before the usual hot, dry weather comes on should be considered when looking out for the surest corn for this county. Who is next with a good variety? Tell us about your successes that we may pass it on to your neighbor, and to the outside world.

Ed Skuball, club member of the Edge "Blue Ribbon Forty", reported to the county agent Saturday that his Poland pig gained 30 pounds the past month and now weighs 85 pounds at four months old. Those Edge boys and girls are going to have some good reports to make in club work this fall. Mr. P. S. Mangum, teacher and club leader at Edge stated before the Millican club Monday night that Edge was going in to win in athletics club work, and everything else they undertook. He said he was going to beat Tabor just to keep from having Tabor achievements thrown at him wherever he goes. But here comes Howard Smith, reporter for the Tabor club, and advises that other clubs should not expect too much this year, since Tabor is "still on the job". All aboard, let's go!

Remember the county-wide club meeting next Saturday at sunset, at the county agent's home in Bryan. Every club member in the county should be present at this great meeting, if possible.

Mr. J. Holik, a leading farmer in the Smetana community, says the candidates all say he has the finest corn they have seen. Of course, candidates are expected to be enthusiastic about corn when visiting a man's farm, but Mr. Holik says, himself, he has fine corn of the surcropper variety, one of the dependable varieties recommended for Brazos county farmers by the Experiment Station.

It was another great community meeting at Millican Monday night, when the people of the community and the visitors discussed the great outlook for Milliran in the wonderful development of her resources: agricultural, educational, economic and spiritual. When Mr. Mangum stated that Edge would win in all contests in the future, Kirkland Edwards yelled out, "You can't do it." That's the spirit that wins, Kirkland. Keep your eye on Millican's progress. The visitors from Bryan were: Messdames W. S. Howell, J. Webb Howell, J. C. Williams, Miss Laura Bell Roten, and Messrs. S. E. Eberstadt, Eck Smith, J. L. Green, P. S. Mangum, C. L. Beason, E. R. Lloyd, Jr., N. H. Turner and Grady Kincannon. The Millican people enjoyed a great treat in the splendid vocal music by Mrs. J. Webb Howell and Mrs. J. C. Williams.

The county agent is again the recipient of some very fine bacon produced and home cured by Mr. Gossett. Mr. Gossett stated that he read in the Eagle about the fine meat cured Mr. Chas. Merka, so he decided to pass out a sample of his product. While this meat is very fine, the incident came near getting the county agent in bad. Monday in speaking on the streets about the quality of this meat, the county agent remarked that he did not try the meat that morning for breakfast, since "he had fish for breakfast, whereupon M. G. Nall who is always looking for a place to "ditch a fellow" said, "Beason who is your preacher?"

What the preservation of food? **JACKSON SHOT GEORGE JOHNSON FORMER WIFE LINNIE MAKING HIS ESCAPE**

Sheriff Morehead, Chief Martin, Deputy Wheelless and other officers were searching for George Johnson, colored Tuesday morning. George was charged with shooting his wife Linnie Johnson at the home of John Green about 12 o'clock Monday night. A 32-calibre automatic pistol was used and one bullet entered Linnie's left side just below the heart. It is reported that there is a chance for her to live and she has been taken to the Bryan hospital. George and Linnie were separated at the time of the attempt to murder. Officers have not been able to locate Johnson as he fled after shooting the woman.

TABOR BOYS AND GIRLS VICTORY CLUB MEETING

(By Howard Smith, Reporter)

Tabor, Texas June 20—The Tabor Boys' and Girls' Victory Club had a called meeting last Friday evening, June 16th at 8 p. m. The last meeting being rained out necessitated the calling of this one at which plans were made for the Fourth of July program. Most of the time being taken in planning this program, no reports being made by the Club members. County Agent C. L. Beason having recently been made a Rotarian, talked to us about the Rotary Club, explaining its benefits and pleasures. We expect to have the Bryan Rotary Club members present at our next meeting in July and also other visitors. For this reason we hope and plan to have a good program. Miss Roten the Home Demonstration Agent, made a splendid talk asking us to call on her at any time we might need her assistance. She expressed her desire to assist in any way she could and said she really wanted to be put to work. With her competent assistance and with the help of our faithful Mr. Beason we hope to accomplish great things this year. We suffered a loss when our valued members Mary Ruth Holden, Hette Francis, Una Edge and Pearl Huggins resigned to take up other work for the summer but in justice to them and ourselves we feel it a duty to succeed in the work they helped us to begin. Miss Roten said other clubs are watching us and are saying "If Tabor can do it why can't we." She illustrated her remarks in the following story: Once there was a German family who were very poor and became quite wealthy. They wished to spend their money wisely and so they went to California. Here the German lady discovered an ostrich egg and having a great admiration for it she painted it and placed it in the parlor. She painted and petted it and delighted in showing it to all visitors. Finally the paint was all worn from the egg and the lady decided she had no more use for it so she threw it out into the yard. An old rooster came along and saw the immense object that looked to him like an egg but yet it looked to large for an egg. He called a number of hens around and they all viewed it from every angle and were compelled to admit that it must be an egg, while gazing in wonder at the largest egg he had ever seen he turned to the hens and said: "If other communities do this we can too." But Steep Hollow and other fellow clubs you must not expect too much this year or you might be disappointed again for Tabor's still on the job.

AN OLD BRYAN MAP
Mr. Lire Spell handed in for city achieves an old cemetery map drawn with pen and ink by G. von Glasenopp. The map is not dated but is evidently an old one and the city force is wondering who the drafter of the map was and the time he passed across the Bryan stage. Any one remembering the name please advise the Eagle. The map will be framed and preserved at the city hall it is announced by Secretary Guy P. Bittle.

Mr. and Mrs. Ward Templeman have returned to their home in Navasota after visiting in Bryan.

Says She Can Ask No More For Her Money

Mrs. O'Connor Declares Tanlac Completely Restored Her Strength and Energy—Now Feels Fine.

"I couldn't ask more for my money than I have gotten from Tanlac, for its the biggest bargain I ever ran across," was the enthusiastic statement of Mrs. Mary O'Conner, 1334 Morgan St., St. Louis, Mo.

"I suffered from stomach trouble and couldn't properly digest my food. The little I managed to eat seemed to cause gas which would press around my heart until it nearly cut off my breath. My head ached nearly all the time. I was dizzy-headed and was so nervous I couldn't get any restful sleep at night.

"I have taken three bottles of Tanlac now and am in splendid condition. I eat anything, digest it perfectly, am free from headaches and dizziness, and my sleep is sound. I am indeed glad to give Tanlac credit for my wonderful health."

Tanlac is sold by all good druggists.—Adv.

MRS. CHAS. CLAYDON PASSES INTO REST

(By a Friend)

At the break of day Wednesday, June 14th the gentle spirit of Mrs. Chas. Claydon took its flight to the land of love and happiness above. For more than three years she had been in feeble health but some months ago was brought from her home at Northmangee, Texas to be with her children in Brazos and Robertson counties and at the time of her death was at the home of her daughter, Mrs. Geo. F. Henry in the Tabor community. A better Christian never lived than this dear old mother. Her every thought, her every song, her every prayer was of her Heavenly father and His throne. The place He had prepared for her. She endured her long and painful suffering with a hope that soon she would be called home to take possession of that mansion. She was also a life long member of the Methodist church.

Mrs. Claydon was formerly Miss Margarette McCollum, having been born and reared in Leon county. About fifty years ago she was married to E. W. Thompson of Brazos county and they made their home the old farm, which still remains near the old eight children. They are as follows: W. E. Thompson of Franklin; John Thompson of Wheelock; E. W. Thompson of Bryan; Mrs. Geo. F. Henry of Tabor; Mrs. Mattie O. Rollins of East Texas; also Misses Margarette and Mrs. E. Moore, who are long since dead.

Several years ago after the death of her husband she was married to Chas. Claydon of Northmangee, where they have made their home since. Deceased was 77 years, 8 months and 2 days old at the time of her death. She was laid tenderly to rest in the Alexander cemetery Wednesday afternoon at 4 o'clock. Her death brings grief and sorrow to many hearts as her friends were unnumbered.

HAVE YOU VISITED THE FAIR

Two weeks ago in our advertisement in this paper we attempted to give a price list but the list was so small as compared with the number of items that we handle that it did not do justice to our large assortment, many people who came in answer to this advertisement expressed surprise at the number of items that they saw on display and were agreeably surprised at the very reasonable prices marked on every item, one thing with which they were all well pleased was that everything

was displayed on open tables and another was that everything was marked in plain figures, which makes buying here safe and easy.

If you have never visited us, drop in and you will be treated with the utmost courtesy whether you are on a tour of inspection or in to buy a bill of merchandise, as our sales people are all instructed to show each customer every attention and to display and explain all merchandise and not to urge anyone to buy, leaving that entirely with you as we want

every customer satisfied and do not want them bored by being urged to buy something that they do not want.

We are doing a nice business in our hardware department. This department has even been a surprise to us, having grown from nothing up to a very creditable business within a few months, our customers tell us that the reason for this is that our prices are a great deal lower than they have been paying for the same items.

We are more than satisfied at the big business we have had in our hardware department, we attribute the rapid growth of this department to the unusual values that we give and this department is rapidly growing to be one of our best departments. Our business on small notions in staple and novelty items has been remarkably good, here you can not only find unusual things that you can't find at other places but on most things you save money by buying from us.

We would like for every woman in this section to see our displays of crockery, glassware, enamelware, aluminum and tinware as it takes a woman to appreciate the values in these lines and we are sure that all who have seen our displays and prices have been well pleased as the buying in these departments has been very spirited and our sales have been several times as much as we had hoped to sell.

We carry a small stock but good assortment of mens and boys work

clothing which we sell at a small margin but quick turn over, the values and prices must be interesting to the trade as it keeps us busy replenishing this department. If you want something out of the ordinary and at a saving in price, try The Fair.

All in all we believe that you will find a trip to The Fair both interesting and profitable, you certainly can't lose and we will do all we can to make your visit a pleasant one, so next time visit,

THE FAIR
